

Backup and Restore.

This information applies to Builds #0.6.4371.22878 Dec 20th 2011 onwards.

Build 0.6.4371 has had the edition of 'Backup and restore' functions, this enabled all Karaoki's setup, case and other user data to be backed up and restored at a later date.

Performing a backup

1. Start Karaoki
2. Click on the options button, Select 'Utilities' from the menu
3. Select 'Backup / Restore' then click 'Backup Data'

You data will be saved as a zip file to the 'My Documents > PCDJ Karaoki > Backups' folder and will be date stamped.

4. Save the backup zip file to a safe place.

Restoring backup data

1. Copy the backup zip file to the 'My Documents > PCDJ Karaoki > Backups' folder.

Note: the backup option will not be displayed unless there is a zip file in the 'backups' folder.

2. Start Karaoki.
3. Click on the options button, Select 'Utilities' from the menu
4. Select 'Backup / Restore' then click 'Restore Data'
5. Select the backup zip you wish to restore from the 'Open' dialog box
6. Click on the open button
7. Choose 'Yes' on the 'Restore Data' dialog box, Karaoki will restore the data and restart.
